SKILLS

Frontend Framework: React js • Next.js

Languages: Javascript • Typescript • Python • Java

State Management: Redux Toolkit • Zustand

Libraries: React Query • Uploadthing • Framer motion • Shadcn UI • Material UI • Tailwind css

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

FasTech Systems

- Assisted in developing responsive interfaces using React.js and Next.js for client projects.
- Optimized website load times by 20% through efficient coding practices and performance tuning.
- Identified and resolved bugs, improving overall site stability and user experience.
- Collaborated with experienced developers to enhance my skills and knowledge.

PROJECTS

Mercel Social Website | [Link](#)

Next.js • Typescript • Tailwind css • Shadcn UI • React Query • UploadThing • Prisma • Postgree SQL

- Developed a feature-rich platform using Next.js, Prisma, and PostgreSQL, enabling users to post, share, and interact with content.
- Implemented infinite scrolling and skeleton loaders for smooth, fast loading times, improving engagement.
- Integrated notifications for likes, comments, and follows, keeping users informed and engaged.

PetSoft | [Link](#)

Next.js • Stripe • Tailwind css • Shadcn UI • Prisma • Auth.js • Postgree sql

- Built a platform to efficiently track and manage pets with detailed profiles.
- Integrated Stripe for secure \$299 lifetime subscriptions, ensuring reliable revenue.
- Leveraged Next.js, Prisma, and PostgreSQL with server actions for seamless data operations.
- Enabled easy addition, updating, and deletion of pet profiles for smooth daily operations.

Insagram | [Link](#)

React • React Query • Shadcn UI • Tailwind css • Appwrite

- Develop a social platform using React and Appwrite that enables users to post, like, save, and upload pictures, mimicking Instagram's core functionality.
- Implemented user authentication for individual accounts.
- Utilized React's dynamic loading to reduce initial bundle.
- Integrated skeleton screens for smooth page transitions and good user experience.
